HOW TO USE THIS DASHBOARD

This dashboard shows the total number of degree completions conferred from Summer 2013-Spring 2023. Total numbers may vary from LUC Official Statistics, which is a count of completers (# of students completing degrees). At the Master's and Bachelor's level, the number of completers and completions will diverge due to a higher number of certificates being awarded at these levels.

The **Degrees Conferred Overview** tab shows degree conferrals by school and department.

LIMITATIONS OF THE DATA

If a student graduated with more than one degree, they have multiple records included in the count.

Reporting of Race and Gender data may differ from other internal university data counts due to the way data must be reported to IPEDS.

Due to IPEDS reporting rules, summer degrees conferred after June 30th are counted towards the following year's degree reporting in IPEDS. Therefore, Summer 2013 degree conferrals which were awarded in August 2013 were counted towards the 2013-2014 academic year.

Sources of Data: Longitudinal data set consisting of degree completions from Fall 2013 to Spring 2023 sourced on 03/25/2024. There are multiple records listed per student if they graduate with more than one degree. Demographic variables are added for analysis. Information about Pell Status and First Generation Status is not available for every student.
